Control Cables

Beechcraft King Air 200 and King Air 90

CENTEX[™]
AEROSPACE INCORPORATED

FAA-Approved PMA-New

Control Cables

Beechcraft King Air 200 | King Air 90

CenTex replacement engine control cables offers improved design and lower cost. An inner Teflon™ lining lowers friction resulting in a control cable that lasts longer and moves more freely allowing easier and more precise engine control. CenTex ships to FBOs worldwide!
